

Welcome to your first **Community Care Hub Weekly Partner Update**. Each Monday, we'll use this email to bring together important updates, reminders, upcoming opportunities, and anything we may need from you. Our goal is to make it easier for you to stay connected, find the information you need, and get support from BHT. We want you and your organization to be successful as part of the Hub!

Please make sure you are also checking the partner portal regularly for any major or time-sensitive updates. For now, see key updates below:

What you need to know this week

- **Outreach Letter**

We're sharing a weekly update with important information, reminders, and needs from across the Community Care Hub Network. This is an internal communication for our Hub partners to help keep everyone connected and up to date. We hope you find it helpful!

- **Self-Referral Form Updates**

We're updating the Hub self-referral form to make it easier for people seeking support. This will not impact partner workflows or require any action from you. If you use or share the form, you'll see the updated version by the end of the month.

What BHT needs from you this week

- **ARCH Survey**

If your organization hasn't completed the survey yet, there's still time! The survey takes about 20–30 minutes, and only one response per organization is needed. **Organizations will receive a \$200 stipend for completing the survey.** Once you've submitted yours, please let us know so we can process your stipend.

- **Please review your organization's Partner Directory page**

BHT put together a page for each partner to highlighting the organizations and the services you provide. We just need your help making sure we got it right! Please review your page and let us know if you approve it as written or have any edits or updates, you'd like us to make.

Support

- **Save the Date for Connect2 Refresher Training**

Please hold **October 1** on your calendars for an upcoming Connect2 (C2) Refresher Training. We're asking partners to keep the day available for now. More details, including training times and what to expect, will be shared soon!

- **Connect with your Program Manager**

Your Program Manager is here to support you! Whether you have a quick question, need one-on-one support, or want to talk through something specific to your organization. No need to email, call, or request a meeting.
