Monday, November 9, 2026

Hi Partners,

Happy Monday! Here are this week's Community Care Hub updates, reminders, and upcoming trainings.

What you need to know this week

- **Resources for Clients: Nutrition and Home Support**
  Please share the attached flyers with clients who may benefit from nutrition or home support. Eligibility requirements apply.
  Nutrition support may include nutrition counseling and education, medically tailored meals, fruits and vegetables, and pantry stocking. Clients must be enrolled in Apple Health (Medicaid) and meet the service's social and clinical eligibility requirements.
  Home support may include air conditioners, air filtration devices and replacement filters, heaters, portable power supplies, and mini refrigerators. Clients with Apple Health (Medicaid) and certain chronic conditions or home-related needs may qualify for free items or upgrades.
  To learn more, contact Community Living Connections at 509-960-7281 or use the Referral Form. Please see the attached flyers for details.

- **Grant Opportunity**
  Does your organization have an idea for helping older adults, adults with disabilities, or family caregivers through volunteer support? Community Care Corps is offering 18-month grants of $30,000–$200,000 to develop or expand volunteer programs that provide nonmedical assistance. This could be an opportunity to grow your impact and help people remain independent in their homes and communities.
  Applications are due January 6, 2027.
